

Project Design Phase –I

Solution Architecture:

Date	22 nd September 2022
Team ID	PNT2022TMID39256
Project Name	Project - SMART FASHION RECOMMENDER APPLICATION
Maximum Marks	2 Marks

Solution Architecture:

Solution architecture is a complex process – with many sub-processes – that bridges the gap between business problems and technology solutions. Its goals are to:

- Find the best tech solution to solve existing business problems.
- Describe the structure, characteristics, behavior, and other aspects of the software to project stakeholders.
- Define features, development phases, and solution requirements.
- Provide specifications according to which the solution is defined, managed and delivered.
